

CHILAKOOT BOWHUNTERS

2022 WINTER TARGET LEAGUE

1. We will start the leagues the 1st week of January. The main evening will be on Tuesday as has been the tradition at the Club but the Target League will shoot on Mondays, Tuesday, and Wednesday.
2. The Target league will be open to all members age 16 and over. We will also allow for experienced youth ages 14 and 15 to shoot with parent/guardian supervision.
3. We will shoot a 300 Vegas round, 10 rounds of 3 arrows. X counts will be used in the final shoot-offs for the tie breaker.
4. We will have 2 classes: Target and Hunter. As we have done before, if you hunt with it (including the arrows) you're in the Hunter class. If you have magnification, large diameter arrows, long stabilizers, you're in the Target class.

PERSONAL SAFETY/COVID PROTICALS

1. We will be taking down the plastic lane dividers but will be maintaining the 8 archers spacing on the shooting line. New temp tape markings will be put in place.
2. We will schedule early and late lines 5:00 PM and 7:00 PM ± as needed to accommodate having 16 shooters (A & B lines) per time frame depending on the numbers of members that sign up for the league. We anticipate this would only be needed on Tuesdays as many members like to shoot that night.
3. In the Clubhouse area we will run the HEPA filter as a moderate speed to help ensure good indoor air quality. We will also look for our members to maintain good social distancing as they are comfortable with the other members present.
